

### **OUR PHILOSOPHY**

*"Technique, Discipline, and Passion."*

This program is for kids that demonstrate an inclination towards the arts and are looking for a program that will help them explore and excel. We structure our classes with fun and productivity while adding elements of technical training for a challenging and rewarding experience. We provide quality training and have trained professional dancers in the field. Come learn the technique, discipline, and passion through the beautiful art of dance!

### **CURRICULUM & PROGRAM INTRODUCTION**

Dancers will join their desired classes based on age or level (approved or suggested by the instructor).

Core classes include Ballet & Jazz technique training where dancers will work on fundamentals, strength exercises and will have an assessment at the end of each Semester for improvement checks. We will never focus on the negative, instead celebrate their achievements for personal motivation!

The showcases give the dancers a chance to work on their performance skills, as well as show parents, family, and friends what they have been working so hard for that semester.

Unlike sports, with many games to show off their skills in front of a live audience, dance is a highly technical skill requiring repetition, dedication, and continued training in class. By providing a celebratory showcase twice a year, dancers tend to keep their motivations high and "stick with it" longer to see their hard work and improvements flourish. Having performed on stage also puts your dancer on the competitive dance path.

### **OUR SERVICES**

#### **KIDS**

Ballet Technique  
Jazz Technique  
Contemporary Dance  
Salsa & Bachata Training  
Acrobatics Program  
Performances

#### **ADULTS**

Wedding Dance(s)  
Corporate Events  
Group Lessons  
Private Lessons  
Technique Training  
Choreography

**MotionScoop Dance Academy** // Choose your flavors of dance...
